100% of all proceeds will support several local and international children's programs such as "Polio Plus," clean water projects and The Children's Hospital at Legacy Emanuel.

100% of all proceeds will help prevent children's disabilities and birth defects locally and worldwide, through support of projects like the ones listed below:

Polio Plus:

Rotary's Polio Eradication Program
 Did you know that more than 10 million children will be paralyzed in the next 40 years if the world fails to eradicate polio? After 20 years of hard work, Rotary and its partners such as the World Health Organization and the Bill & Melinda Gates Foundation are on the brink of eradicating this tenacious disease, but a strong push is needed now to root it out once and for all.

Clean Water Projects:

Waterborne illness kills a child every fifteen seconds and underlies much of the world's disease and malnutrition. Providing safe drinking water is one of the most powerful and cost-effective things that we can do to save a child's life.

The Children's Hospital at Legacy Emanuel Medical Center:

The Children's Hospital at Legacy Emanuel Medical Center provides advanced, compassionate, family-centered care. They rely on philanthropy from people like you to make the hospital a place of healing and hope for the kids in our community.

The Children's Hospital Foundation fosters charitable giving and community involvement to support: Life-saving new equipment, Charity care for families in need, Child Life and Art Therapy, Child Safety and Injury Prevention, The Children's Garden and so much more...
